World Health Organization (WHO)

Avenue Appia 20
CH - 1211
Geneva, Switzerland

WEB: <http://www.who.int/en/>

The World Health Organization is the United Nations specialized agency for health. WHO's objective, as set out in its Constitution, is the attainment by all peoples of the highest possible level of health. Health is defined in WHO's Constitution as a state of complete physical, mental, and social well-being and not merely the absence of disease or infirmity.

WHO is governed by 192 Member States through the World Health Assembly.
